

COMMUNITY spirit CAMPS

Thanks to funding from the Department for Children, Schools and Families (DCSF), YHA can provide young people with an opportunity to participate in a residential activity camp promoting Community Cohesion.

The project is designed to provide a challenging and exciting time for young people from areas with community issues, creating a unique experience that takes them outside their comfort zone.

Participants will get to experience new activities and make new friends whilst having the chance to discuss and tackle any difficult issues they are facing in the community.

“By community cohesion, we mean working towards a society in which there is a common vision and sense of belonging by all communities; a society in which the diversity of people’s backgrounds and circumstances is appreciated and valued; a society in which similar life opportunities are available to all; and a society in which strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community.” DCSF
