FAO John Wright
Team Leader
Minerals and Waste Planning

Dear John,

Regarding your consultation on these two documents, I apologise for the fact that we did not respond in writing during the consultation period. This resulted from an administrative oversight due to our understanding was that there was no need to repeat representations previously made on the Preferred Options documents, to which we do not wish to add any further comments. However, we will of course look forward to further consultation at the appropriate time.

Best wishes

Steve
