1.. Minerals Spatial Strategy Paragraph 4.27

We are pleased to note that our previous comments have been documented and further to these would strongly support the conclusion drawn.

In the Circumstances we believe it appropriate to remove completely any mention of flash farm from the development framework.

2.. Waste Spatial Strategy Paragraph 4.9

We are concerned that the document does not clearly indicate the areas being considered.

There have been 2 planning applications for a waste transfer site within Narborough off the B4114. These have been strongly objected too on sound environmental reasons (copies of which you already hold). The siting of such a facility would generate inconsistencies with the intent of this paragraph: in that such facilities are best placed in high population density areas.
