

**Leicestershire  
County Council**

**Leicestershire Minerals Development Framework  
&  
Leicestershire and Leicester Waste Development  
Framework**

**Preferred Options Additional Consultation Comment Form**

Leicestershire County Council and Leicester City Council have prepared additional consultation documents as part of the consultation on the preferred options for the above Minerals and Waste Frameworks. Consultation was previously undertaken between late August and early October 2006 on the various documents making up the Minerals and Waste Frameworks.

Spatial Strategy documents have been prepared to more clearly explain the Councils spatial strategies for minerals and waste. The Councils are now inviting people to comment on these documents. This form can be used to make these comments. You may also submit your comments by email to [planningcontrol@leics.gov.uk](mailto:planningcontrol@leics.gov.uk) or write to the address on the pre-paid envelope supplied.

**YOUR CONTACT DETAILS**

Comment

we are pleased to note that our previous comments have been noted and further to these would strongly support the conclusion drawn.  
In the circumstances we believe it appropriate to remove completely any mention of fish farms from the development framework

Comment

There have been 2 planning applications for a waste transfer site within Narborough of the B4114. These have been strongly objected too from sound environmental reasons (copies of which you hold)  
The siting of such a facility would generate inconsistency with the intent of this paragraph, in that such a facility are best placed in high population density areas.  
This view is fully supported by NPC.
