

**LEICESTERSHIRE & LEICESTER
WASTE DEVELOPMENT FRAMEWORK**

**CORE STRATEGY &
DEVELOPMENT CONTROL POLICIES**

**HEARING AGENDA
MISCELLANEOUS POINTS**

Whether the DPD is justified, effective and consistent with national policy.

1. Would the Waste and the Minerals DPDs be better combined into one document? [Ibstock]
2. Is there the potential to confuse the waste policies with the mineral policies and, if so, would use of the prefix "W" be helpful? [Ibstock]
3. How appropriate is the timing of the DPD given that the procurement process has not been completed? [Lafarge]
4. In Para 1.9, would it be helpful to say that national policy is applicable but is not repeated?
5. At Paragraph 2.8, should there be reference to the waste hierarchy?
