

**LEICESTERSHIRE & LEICESTER  
WASTE DEVELOPMENT FRAMEWORK**

**CORE STRATEGY &  
DEVELOPMENT CONTROL POLICIES**

**HEARING AGENDA  
MONITORING**

**Whether there are clear arrangements for managing and monitoring the delivery of the strategy.**

1. Are there likely to be new or amended objectives that will need to be monitored?
2. As a basis for effective monitoring, does the DPD provide sufficient information on sizes, numbers and dates?
3. Are all the targets appropriately date specific?
4. Are the key targets set out in the body of the DPD and are the monitoring provisions consistent with those targets?
5. Is it clear what action will be taken if the targets are not met (many are "monitor only")? Are there (should there be) contingency plans within the strategy that would be triggered if key targets are not met?
6. How realistic is the target of recycling or composting 80% of MSW by 2010?
7. How is the effectiveness of Policy CS12 (Charnwood Forest) to be secured? [CBC]
8. In respect of Policy DC1, what percentage of buildings should incorporate sustainable design principles? [CBC]
9. Are the monitoring provisions easy to follow given the grouping of policies and objectives and the wrapping of new sections onto different pages?

**Anticipated participants:**
